

## OHL North America Ranks #42 on Engineering News Record's (ENR) 2017 Top 400 Contractors

31 / 05 / 2017. OHL North America, including its subsidiaries, has climbed the ranks of Engineering News Record's (ENR) 2017 Top 400 Contractors list to #42, up from #43 in 2016. The company ranks #10 on the Top 50 Domestic Heavy Contractors list up from #20 in 2016, #12 in Transportation, and #26 on the Top Contractors Working Abroad list. OHL's rankings improved across the board from 2016. These results represent the company's position as a leader in the industry and its continued organic growth in the region.

*"Our strategy is to remain focused on key geographies where we have a major footprint and enjoy strategic advantages,"* said Thomas Iovino, CEO OHL North America. *"Early identification of suitable projects and potential partners is key."*

The annual ENR Top 400 report, which ranks companies by construction revenue, cited strength in the industry with \$366.4B in contracting revenue in 2016, an increase of 6.5 % from \$344.14B in 2015. The construction industry is expected to remain steady and OHL NA continues to expand its presence in key markets.

OHL NA was awarded two major contracts in recent time, the \$1.2B Interstate 405 (I-405) improvement joint venture project in California, its first billion plus dollar contract in the U.S., and the \$477 million Canarsie Tunnel Rehabilitation and Core Capacity Improvement project for New York City Transit (NYCT).

### About OHL North America

OHL North America (OHL NA) merges global expertise and a 100+ year legacy with the latest innovations and a strong regional footprint to deliver North America's most complex infrastructure and construction projects. The company has more than 2,300 engineering and construction professionals across the region and specializes in the design, financing, construction and modernization of highways, bridges, rail and transit systems, hospitals, schools, and large scale infrastructure projects. OHL NA is the North American division of international construction and concessions company Obrascón Huarte Lain (OHL Group), headquartered in Madrid, Spain. OHL ranks among the Top 30 International Contractors, operates in over 25 countries across five continents.
